Approve minutes of the November Board Meeting.

Election of officers (Check for re-appointments)

MTAC update (House Bill 2058)

The Board need to make a recommendation as to either proceed with the adoption of the 2003 Uniform Mechanical Code and prepare amendments to such, or to continue with what we have now and review the 2006 Codes when they come out in the latter part of this year.

Note: The Building Code is staying the same, with some minor updating, and is up for review with the 2006 Building Code.
